Experience

UI Designer & UI Coordinator

Sep 2022 - Present

Artisan Digital Design

- Design creative solutions that balance user needs, business goals, and technical constraints, ensuring consistent and accessible experiences across platforms using Figma
- Coordinate projects, manage release schedules, and streamline team communication to align objectives and ensure smooth execution
- Present and refine conceptual designs with stakeholder feedback, ensuring alignment with evolving requirements and business goals
- Serve as a liaison between design, development teams, and stakeholders, facilitating the presentation, feedback collection, and refinement of designs to meet specified requirements
- Oversee CMS platforms, applying front-end coding expertise to optimise functionality and user experience
- Participate in technical stand-ups to deliver team updates, address blockers, and maintain alignment with the development process

UX/UI Design Freelancing

May 2022 - Sep 2022

- Collaborated with the client to build a responsive website using a CMS, enhancing online presence and user experience
- Ensuring designs are optimised for various devices and screen sizes, managing timelines, deliverables, and communications with clients independently
